Commuting Opportunities in Ann Arbor

Go!Pass Tracking Form

As a participating employer in the go!pass program, you are required to keep a go!pass record. The Ann Arbor Transportation Authority will occasionally check riders' go!passes and verify numbers and names or the getDowntown program may contact you to verify a card number. Please keep this form on file for that purpose. In addition, we will be having monthly drawings for prizes and we may contact you to determine who has been assigned a particular go!pass number in order to deliver the prize to the winning employee.

Your business is required to make sure each employee returns the assigned go!pass at the end of his or her employment. You can and should re-issue that go!pass to a new employee. Replacement go!passes are $25 per pass.

go!pass #	Employee Name	Date Issued	Date Returned
